

A positive start to school life

Enrol in Eltham Public School and benefit from educational opportunities available in the great public education system of NSW.

Our school offers an excellent academic program, highly qualified teachers and a safe and caring learning environment.

A safe and happy school

Our students prosper in a safe, inclusive and nurturing learning environment that develops respect, understanding and responsibility. We have a structured welfare and discipline program that focuses on social skills, decision making and citizenship.

2015

Eltham Public School Kindergarten Orientation

Excellent facilities

Situated in beautifully landscaped grounds, our school is well-resourced with up-to-the-minute technology, a well-stocked library, attractive comfortable classrooms and flexible learning spaces.

Strong community involvement

Our school is welcoming and friendly and we work in close partnership with parents and the wider community. We encourage parents to be active participants in school activities and we value their input into their child's education. Students, parents, teachers and the wider community work together as a team to enhance learning experiences for our students.
