Boatharbour Road, Eltham NSW 2480

02 6629 1321

TERM 1, WEEK 10 2025

From the Principal

Although the school holidays are approaching quickly, we have a busy two weeks ahead, featuring World Autism Awareness Day, school photos, the Eltham Exciting Experience at GSAC, and concluding with a mufti day, celebration assembly, and tennis at Clunes.

A few exciting changes are happening around the school over the holidays. Colours have been selected for the new soft fall to be replaced - watch this space! The tall dead tree at the far end of the sports court will be removed, and surrounding trees will be pruned. This will prevent the sap and discolouration on the sports court in the future, and the court will be professionally cleaned as soon as the work on the trees have been completed.

Our school has again been invited to attend the Lismore and District RSL Sub Branch ANZAC March and Ceremony on 25 April 2025. Students are invited to meet me in the Clyde Campbell Car Park at 8.30am for the March. Please wear full school uniform, a hat and bring a water bottle.

As this will be our last Newsletter for Term 1, I would like to wish all of our students and families a happy and safe holiday break, when it arrives at the end of week 11. Please note that our final day for Term 1 will be Friday 11 April 2025.

Term 2 begins with two School Development Days for Teachers on Monday 28 April and Tuesday 29 April.

Students will return for their first day of Term 2 on Wednesday, April 30. Please highlight this date on your calendar to ensure your children are present on the first day of term. We have concluded this term positively with excellent attendance, and it would be wonderful to carry this momentum into Term 2.

From Term 2 our school Facebook account will be closed. Please make sure you have access to the Sentral Parent Portal App. If you need any assistance with this app, feel free to call the school. From Term 2 onwards, this app and the newsletter will be our primary ways of communicating with parents.

Attendance

Regular attendance has countless benefits for your child's learning and development. Parents play an important role in ensuring students get to school and stay in school every day. The more your child attends school the greater their opportunity to learn, create social connections and improve their wellbeing.

WHAT YOU CAN DO

Building positive attendance habits

You can help build positive attendance habits by:

- helping your child learn the importance of punctuality and routine
- making sure your child arrives on time from the start of the school day, ready to take part
- reducing disruption to learning where you can, by planning any necessary appointments outside of school time
- contacting your school to explain any absences (on the day - via Parent Portal, or a phone call to the office)
- making sure any holidays or medical appointments are taken outside school hours
- working with the school to encourage and support regular attendance.

If you have **difficulty getting your child to school on time every day**, please contact school. We are here to support you and your child to help them come to school every day.

Eltham Attendance rates - Term 1

Eltham Public School's Attendance goal is for every student to attend school for **90% or more** of the time. Did you know, you can check your child's attendance rate on the Parent Portal App? Our weekly average attendance rates for this term so far are:

Week 2 - 89.4%

Week 3 - 85.4%

Week 4 - 85.5%

Week 5 - 89.1%

Week 6 - 94.2%

Week 7 - 94.6%

Week 8 - 93.9%

Week 9 - 95.6%

Our whole school attendance has remained well above our attendance goal for the last half of the term. Congratulations everyone, lets end the term **above 90%**! Every day really does matter!

World Autism Awareness Day

World Autism Awareness Day is an annual event which aims to increase awareness about what Autism is, as well as how we can support Autistic people in society.

By recognising World Autism Awareness Day in our schools, homes and workplaces, we'll be ensuring that the values of inclusion and diversity are universally upheld.

This event is a great time to educate yourself and those around you about how Autism can present, and how we can accommodate everyone based on their individual needs.

Students are invited to wear something blue on Wednesday 2 April.

GEM Chats

Gratitude

CREATING WELLBEING HABITS & CONNECTION

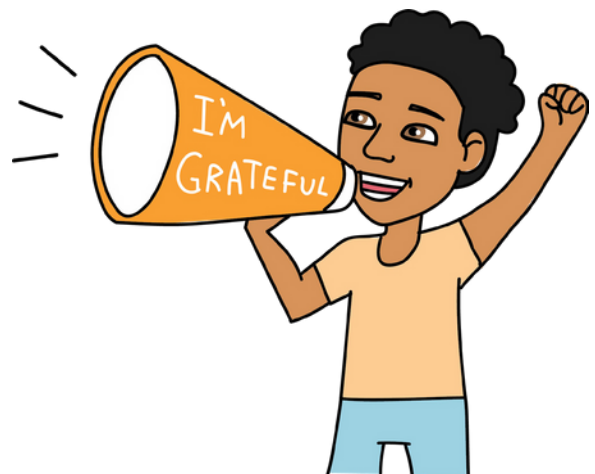

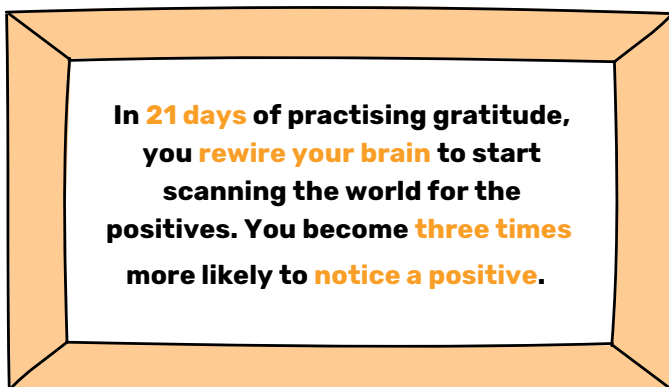

GEM Chats help families practice The Resilience Project's principles, offering a simple wellbeing check-in while **building stronger connections through daily conversations.**

HOW TO USE GEM CHATS

Make GEM Chats a part of your dinner routine to reflect, check in, and practice gratitude.

Try these prompts:

- ★ What are you **grateful** for today?
- ★ Share a moment that **made you smile.**
- ★ How can you **support** someone tomorrow?
- ★ What was the **best part** of your day?

From the School Leaders

This year our new leaders have assumed their roles with confidence, in the library, canteen and organising school events. They have quickly learned the new skills required to carry out their duties. Each week they are rostered on for tasks at recess in the canteen and at lunchtime in the library.

On Tuesday and Wednesday lunchtime when the library opens from browsing, Lego construction building, puzzles and board games, two leaders support Ms. Watson with returning borrowed books. They assist Elyse with teaching younger students games, following lego instructions and reading stories.

Izzy's Leadership Experience

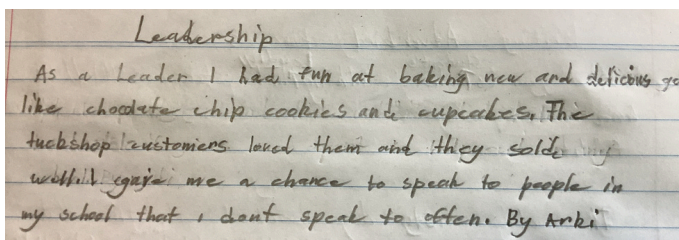

Luna's Leadership Experience

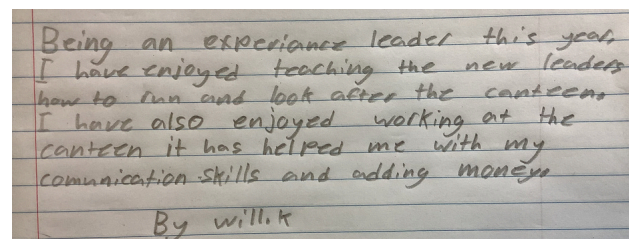

Will K Returning Books

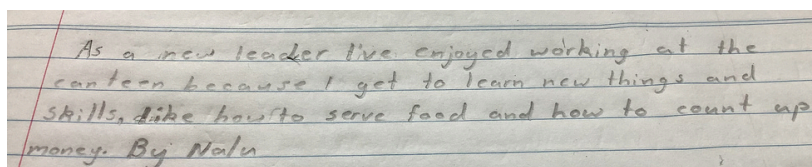

On Mondays, Wednesdays and Fridays leaders take turns to operate the tuck shop. One leader takes the students' orders and serves them, while the other collects the money and works out the profits. Everything the leaders raise is used to fund the Term 4 Eltham Exciting Experience in an attempt to make this a free event for all families. Each leader bakes something yummy at home, once a term, to entice our customers taste buds and these goods are sold for one or two dollars.

Arki's Leadership Experience

Will K's Leadership Experience

Nalu's Leadership Experience

From the School Leaders - continued

In Week 11, at the end of Term 1, the leaders will be busy organising whole school events with Ms. Watson. For the Eltham Exciting Experience, they will be accompanying younger students to the GSAC Canteen to help them choose their treats and spend their pocket money! In the stadium, they will lead the physical games and fun group sports. Leaders will also present the ANZAC Day ceremony and head the team challenge to find hidden eggs in our annual hunt!

Leader Ship
As a Leader I am looking forward to being part of the ANZAC day ceremony I am excited to do a speech to remember the the people who fought for us. By Eli

Eli's Leadership Experience

In the last week of term we will be going to GSAC and I take responsibility for helping out, set up, prepare, show younger children where to go, make sure everyone is having a good time and in the stadium I will help direct the activities.
By Toby

Toby's Leadership Experience

As being a leader previously leader I take the younger children out on Easter hunt as we roam around looking for special bottle caps with a prize at the end everyone always has alot of Easter fun. by Kingston

Classroom News - Binging

I can't believe that we are almost at the end of term 1 and it has been fairly hectic. We have been motoring along with lots of learning, interrupted briefly by Alfred, completing lots of amazing things.

It has been really lovely to see the way the 2024 students of Binging have warmly welcomed the nine new students who have joined us this year. They have made a wonderful addition to our class.

We have begun our Literacy learning by studying the book, *Black Cockatoo* by Carl Merrison and Hakea Hustler. This is a story about an indigenous family who live in the Kimberley region of Western Australia. Currently, we are reading information texts to gather a better understanding of the area in which they live and the challenges this has on life there. We are also becoming more familiar with the culture and beliefs of this family. Alongside this, we have been learning to add details to our sentences using adverbial phrases and write paragraphs which include a focus sentence, supporting sentences and a concluding sentence.

Harper's School Work

Students Working Hard in Binging

Kingston's School Work

Our shared text, which I read to the students for enjoyment, vocabulary exposure and comprehension, is *Demon Dentist* by David Walliams. This is a calm time of mindful colouring and listening which the students very much enjoy. They also love our stamina reading program, which usually happens each day, and sees the students developing their reading stamina so that they can read for longer periods of time without stopping. The aim is for students to be able to read for twenty minutes without interruption by the end of year 6. We have some very keen readers in our classroom, myself included.

In Maths this term we have studied place value, multiplication, time and we are currently working on data. The students have enjoyed solving Numbrix, Ken Ken and Suguru puzzles and have completed a number of Essential Assessment tasks to track growth and determine learning paths. Each day we begin our lesson with a review of previously taught concepts so that we can build on our consolidation of concepts and keep them fresh in our minds as we move onto new concepts. Each student is building their ability to give feedback on their understanding and give skills a rating of 1 to 5. We do this to encourage ownership of learning and personal reflection. It also gives them an opportunity to discreetly tell me that they are unsure and perhaps require some more time with a concept and allows me to make judgments about when to move on to new review topics.

Classroom News - Binging - continued

The Year 5 students have once again completed their NAPLAN assessments in writing, reading, conventions of language and mathematics. Well done to them!

We have seen our senior leaders take on the responsibilities of leadership with enthusiasm and respect, with each of them baking and donating a food item for sale in the canteen, taking their turn willingly serving students at recess and helping to organize playground equipment. They will lead our ANZAC Day commemoration service.

Nine students have taken on the challenge of completing voluntary homework commitments each fortnight; by doing so they are consolidating skills and developing organisational habits which will be invaluable when they reach high school.

This term in CAPA we have completed some 'doodling' in visual arts, which is adorning the walls in the Binging classroom and we have been enjoying the Amplify music education program, covering concepts such as tempo, beat and dynamics.

We are currently enjoying tennis for sport and benefiting from Julie's expertise and enthusiasm.

Amplify Music at Eltham Public School

Music is a core subject in the Creative Arts curriculum and these outcomes can be addressed by offering general music lessons to all students in the classroom. Whilst our band program and Small Schools choir group are awesome, the Amplify Music Education program is accessible to all students and is based on the curriculum.

Amplify provides the ability to up skill the teacher to deliver music lessons to their class, just as they would any other subject, in a fun and contemporary way.

In second semester of 2024, the Amplify program was trialed at Eltham Public School successfully. It was then decided that we would continue it in 2025 and incorporate it into the Creative Arts teaching and learning program. This year we will enjoy drama and dance lessons developed by the Amplify team. Amplify also provides special programs for events during the year. Last week each class enjoyed a Harmony Day lesson which covered dances from different cultures around the world. We attempted an Irish Skip, a Bollywood dance from India and the Kpangolo dance from Ghana. We will also complete a lesson on ANZAC Day which will look at the importance of music to connect us with the past, and later in the year we will participate in a NAIDOC Week lesson.

One of the most enjoyable elements of the Amplify program for the students is the contemporary music used in the lessons, which has a high impact on learning. It also has a number of wonderful interactive components, such as the Rhythm Builder, which is highly effective in teaching notation. We look forward to these lessons each week.

Taj's Irish Dancing

Chloe's Irish Dancing

Library News

A theme of fish has emerged for the younger students, with Bundjalarhm and Junbung engaging with well-known picture books like 'The Rainbow Fish' by Marcus Pfister. Thanks to Anna, Odamae's mum, the student's artistic responses to Ms. Watson's story reading have come to life. We have two big bowls of fish in the library just like 'The Library Fish' by Alyssa Capucilli and in the residence, we have our sparkly rainbow fish.

Junbung students have enjoyed responding to another of Andrea Rowe's picture books, entitled 'Sunday Skating'. Last year they studied 'Jetty Jumping' by the same author. This year they generated onomatopoeias to describe the sounds of the Sunday skaters and designed skateboards with creativity and flare.

Schoolwork Spotlight - Bundjalarhm

This week, we are showcasing some amazing work from Bundjalarhm, highlighting the creativity, effort, and achievements of our students. This is a chance to celebrate our students' hard work and share their learning journey with the entire school community.

NC PSSA Swimming

For the first time in many years, the First North group of schools was represented with both junior and senior girls relay teams at the PSSA Regional Swimming Championships in Kempsey this week. The camaraderie and friendship between the eight Eltham and Clunes girls was really special, and they supported each other throughout the day.

Izzy and Hattie collectively represented Eltham PS in 11 events. Both excelled in the 50m freestyle; Izzy claimed 5th place with a huge PB of 35.28 seconds, and Hattie won her race with a PB of 37.05 seconds and secured a spot to swim at the PSSA State Swimming Championships in Sydney in two weeks time.

Nikki Johnson

Hattie, Primrose, Mackenzie, Ruby, Lillianna, Stella, Izzy and Heidi (Front)

NC PSSA Hockey

Nalu participated in a journey to Grafton as a member of the Northern Rivers PSSA Girls Hockey team, competing for a position on the North Coast PSSA Hockey team. Throughout the competition, Nalu exhibited exceptional ball skills and a commendable determination, which garnered the attention of the North Coast team selectors. She rose to the occasion by playing outside her usual position and was subsequently awarded a place on the North Coast PSSA team, which will travel to Newcastle in mid-Term 2.

Off to the State Championships

Both Hattie (swimming) and Nalu (hockey) will be competing in the State Championships for their respective sports. We are all proud of you!

Our school has a distinguished history of students representing at this high level, which often necessitates travel over considerable distances. Both athletes are selling raffle tickets to assist in reducing their team levy.

You will be able to livestream the Swimming Championships and cheer on Hattie at <https://nswschoolsport.brightcovegallery.com/>

Northern Rivers PSSA Sport Zone Trials

Eltham is part of the Northern Rivers Zone Primary Schools Sports Association (NRPSSA). As part of the NRPSSA students in Years 5 and 6 who have well developed skills in specific sports, or those in Year 4 who demonstrate exceptional skills in specific sports are invited to trial for zone teams. Students who participate in the trials generally play the sport outside school. Travel to and from the trials is by private vehicle and needs to be coordinated by parents. By attending these trials, students must be willing and available to represent at the North Coast Trials in their respective sport. A levy, which varies between sports, also needs to be paid to the school when the permission note is returned.

Please make note of the following sport trials and dates for Term 1 & Term 2. Permission notes and trial information are available from Mr Currie or Debi and should be returned with the levy to the office by the return date. Alternatively, you can visit the [NRPSSA website](#) for more information and permission notes. The calendar on this website also includes the North Coast Trial Dates and information.

Northern Rivers PSSA Sport Trials and Dates

Sport and Location	Date of Trials	Permission Note Return Date
